

Patent
245/249 (6046-101D9)

25. (Amended) The commercial transaction system of claim 17 further including an audio system for provision of audio to said possibly interested buyer in combination with a high resolution still image.

39. (Amended) The commercial transaction communication system of claim 17
further comprising:

a text system for provision of text data including commercial transaction data.

R E M A R K S

This Amendment is responsive to the office action dated May 08, 2001. By this amendment, claims 25 and 39 are amended to further clarify them. Reconsideration of this application is respectfully requested in view of the amendments to the claims above and arguments urged below.

I. Rejection Under 35 U.S.C. Section 112

In paragraph 1 of the office action, claims 25 and 39 are rejected under 35 U.S.C. Section 112, second paragraph, as indefinite. In claim 25, line 2, the Examiner indicated that the recitation "*said high resolution still image*" lacks proper antecedent basis. Applicant has amended claim 25 by deleting the recitation "said" and inserting the recitation "an" instead. With respect to claim 39, the Examiner indicated that the recitation "*the text system*" lacks proper antecedent basis. Applicant has amended claim 39 by deleting "*the*" before "*text system*" and inserting "a" instead, further to, clarifying that a text system includes "*text data including*" commercial transaction data. Applicant respectfully submits that the above amendments to claims 25 and 39 address the Examiner's rejections of those claims under 35 U.S.C. Section 112 and further clarify them.
